

Jointly hosted with IHT S Wales, CILT(UK)Cymru Wales

Greater Bargoed Community Regeneration Project

Anthony O'Sullivan, Terry Shaw and Martyn Evans

Wednesday, 25th November 2009

5.30 for 6.00pm

Trevithick Lecture Theatre, Cardiff School of Engineering, The Parade, Cardiff CF24 3AA

Light refreshments at 5.30pm in Seminar Rooms 1 & 2, lecture at 6.00pm in Trevithick Lecture Theatre (T2.09)

The Greater Bargoed Community Regeneration Project required significant improvements to its accessibility and transportation links. It has developed from major investment and civil engineering projects and the most recent is the £ 28m Angel Way highway scheme . It consists of 2.2 kilometres of main carriageway with an additional 1 kilometre of cross valley links. It has 3 major structures as well as a significant reinforced earth retaining wall. This road will compliment proposed town centre enhancements and builds upon previous £ 14 m investment in the reclamation of the former Bargoed colliery. The presentation will discuss the background to the project and the need for the investment. It will go on to look at how the highway scheme in particular was taken forward and conclude with the outcomes and problems faced during the construction stage.

Anthony O’Sullivan BSc.(Eng), MSc, C.Eng, FICE, FIHT

Anthony is Director of the Environment at Caerphilly County Borough Council.

This is the largest technical department in Wales with more than 2000 staff in a remit covering Waste, Housing, Planning, Building Consultancy, Engineering, Building Maintenance, Community Safety, Public Protection and Grounds Maintenance.

As well as Caerphilly, Anthony has also worked for Swansea and Gwent Councils. Prior to that he spent several character building years working on sustainable Water Supply and Sanitation projects in Africa.

Anthony was educated at Salford and Loughborough Universities and is a Fellow of the Institution of Civil Engineers.

He is a keen club cricketer and for his sins follows the fortunes of Merthyr Tydfil AFC.

Terry Shaw, B.Eng, MBA, C.Eng, MICE, MCMI, MIHT

Terry is Head of Engineering Services at Caerphilly County Borough Council.

This post is responsible for Highway, Transportation and Land Reclamation for the Borough. This includes highway maintenance, asset management, capital project delivery, direct labour organisation (NCS), highway development control, passenger transport, traffic management, road safety, car parking, structures and engineering design consultancy.

Terry has previously worked for Torfaen County Borough Council, Caerphilly CBC (previously), Mid Glamorgan County Council and Islwyn Borough Council.

Terry was educated at the Polytechnic of Wales in Pontypridd as well as UWCN and is a member of the Institution of Civil Engineers.

He is a keen sportsman and has played rugby at a high level. Currently he enjoys coaching his village's under 15's rugby team.

Martyn Evans BSc.(Hons) FIHT

Martyn is a Director of Alun Griffiths (Contractors) Ltd and was the Project Director for Hochtief Griffiths Joint Venture on the Greater Bargoed Community Regeneration Scheme.

He has worked in the construction industry for 24 years and was previously employed by Costain before joining Alun Griffiths (Contractors) Ltd in 2004.

Martyn was educated at Sheffield Polytechnic and is a Fellow of the Institution of Highways and Transportation.

He is a member of the Wales Advisory Committee for Construction Skills and a past Chairman of the South Wales Construction Safety Group.

He is a member of the Brecon Mountain Rescue Team and a Trustee of the Wales Air Ambulance.
