How to register your interest in providing goods / services to Swansea Council

If you would like to register as a prospective supplier to Swansea Council, please follow the procedure listed at point 1 below.

1. Please enter your business profile on our collaborative supplier and contract management system. The website's internet address is <http://appswales.alito.co.uk>

This is a collaborative site in conjunction with the following councils:

- Blaenau Gwent County Borough Council
- Cardiff County Council
- Pembrokeshire County Council
- Rhondda Cynon Taf County Borough Council
- Torfaen County Borough Council

This means that if you wish to offer your goods or services to other Councils within the collaborative group, you only have to register once to send your details to several Welsh Councils.

2. If you register at www.sell2wales.co.uk, the website used by ourselves and other Welsh public sector organisations to advertise forthcoming contracts, you will be able to view any contracts we are advertising there.
3. If your business is based in Swansea, you can contact our Business Centre for assistance with either of the two processes mentioned above, or for more general business support. The contacts are Helen Beddow [email](#) and Sue Woodward [email](#) telephone number 01792 545050.

Important Notes

- Registration must not be inferred by the registrant to confer any kind of approval from the Council.
- Becoming a registered supplier does not guarantee that you will be sent Tenders or offered Contracts, but it does mean that we can see your details if we are looking for suitable suppliers of a particular commodity or service.
- If you require any assistance or further clarity with regard to the registration process, please [email](#) the Council's procurement section procurement@swansea.gov.uk
