

Sustainable development

- let's stop the waffle, it's time to act"

Half Day Workshop
Thursday 14th May
Wales Millennium Centre

CIWEM and Constructing Excellence in Wales are hosting this morning workshop to encourage civil and environmental engineers to become more engaged with the sustainable development agenda. It is aimed at clients, consultants and contractors involved in the civil engineering industry and those involved in asset management and infrastructure design and construction.

**Keynote Address by Jane Davidson AM,
Minister for Environment, Sustainability and Housing**

Speakers include:

- **Mark Hallet**, Development Director of Igloo Regeneration discussing the Roath Basin Development.
- **Jim Poole**, Policy Advisor Environment Agency Wales discussing Client Challenges

Roath Basin, Cardiff Bay

The seminar will include interactive sessions which will gauge views on the sustainability issues facing the industry

Registration will take place from 8.30am with the event scheduled to close at 13.00 with a buffet lunch. The cost of the event (including lunch) is £70 plus VAT

To reserve your place contact Constructing Excellence in Wales at CEWalesEvents@constructingexcellencewales.org.uk or on 02920 493322
