Welsh Government

You are invited to join us at a:

## **Responsible Business (CSR) Workshop**

Business in the Community (BITC) Wales is working in partnership and supporting the Welsh Government's 'Responsible Business' programme by providing a free morning workshop for Welsh businesses who would like practical support and advice on their responsible business practices.

**19 March 2013, 10-13:30**

**Coed-y-Mwstwr Hotel, Bridgend, CF33 6AF**

If you are an SME or a unit of a larger company, take advantage of this opportunity to find out about responsible business practice and how it can support your business with our **free** workshop. Participants will have the chance to reflect on what is specifically important for their company and the most efficient and effective way to integrate responsible business into everyday operations.

Hear from guest speakers from [Castleoak](#) and [Castle Leisure](#) about how they've maximised the benefits of being a responsible business and network over lunch with other like-minded companies.

To reserve your place please contact Anne Williams: [anne.williams@bitc.org.uk](mailto:anne.williams@bitc.org.uk) or 029 2078 0050
