

Membership Prospectus 2019

WHAT IS CEW?

Constructing Excellence in Wales is the united voice of Welsh construction, representing every part of the supply chain. We are an independent, self-funding body campaigning to highlight the industry's role in underpinning key Welsh Government strategies and creating a built environment fit for the future.

WHY JOIN?

WHAT WILL CEW DO FOR ME?

To ensure Government and decision-makers across the country understand the value construction can deliver. To make the case for collaborative project delivery. To shift the focus away from short-term gain towards long-term good. To promote best value, progressive waste strategies, low carbon and community benefits. To build a Wales that is fit for future generations, construction needs an objective champion to speak with a single united voice for the whole supply chain. That is the role of CEW.

To ensure the industry works as a team. That is why you should join CEW.

Have a voice within the integrated team. Commit to our vision of a sustainable, low carbon, world-class built environment for Wales.

Become a member of CEW. Today.

Look at what we have done, what we can do together and what we will focus on – then join CEW and be part of the movement for change

What we do

Contact with **6,000** stakeholders each month
– sharing ideas and best practice

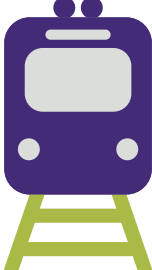

1,942 delegates invited to
over 50 events networking & sharing knowledge

1,500 hours of change events – educating, informing & challenging

Our influence drives change

10-15% of carbon emissions could be cut from the **Cardiff Metro scheme** because of learning passed on from our **Exemplar programme**

7,300 new jobs and a **12% boost** to the **Welsh economy** – potential benefits of a circular economy identified by CEW research

CEW will advocate the principles of best practice, championing collaborative procurement, integrated teamworking, honesty and transparency. Our work is aligned with the values of the Well-being of Future Generations (Wales) Act and will focus on implementing the recommendations set out in Building Prosperity – the Welsh construction strategy. Be part of the change that builds a better Wales.

Join CEW. Now.

What we do has an effect

&141,502 tonnes

of waste recycled following six interventions by our Enabling Zero Waste (EZW) team

500 years'

worth of **apprentice training** provided by Exemplar projects (or 30,300 person weeks per £1 million spend)

We will work towards

Costs reduced by **33%**

Demonstrable savings of **£2.6bn** a year

Creation of **7,000 jobs**

So, what do you gain?

- A voice in conversations with Welsh Government
- Opportunities to lobby and develop relationships with Cabinet Ministers, Assembly Members, civil servants and special advisors
- Access to influential decision-makers in the sector
- The opportunity to network with like-minded stakeholders
- Monthly newsletter and website updates
- Invitations to over 50 best practice events every year
- Exclusive detailed learning from CEW Exemplar schemes
- Access to consultancy on waste management and recycling

As a member of CEW you will be supporting an organisation that has delivered real results and positive change across Welsh construction.

Welsh Government is calling for low carbon, energy efficient buildings and a built environment that delivers benefits for local communities. This cannot be achieved without a progressive construction industry steeped in best practice principles. CEW is the independent voice the industry needs to guide it through the challenges ahead.

We champion value and best practice. We promote collaborative working and integrated teams.

Be part of that future – become a member of CEW.
