

Sea Defence Works West Rhyl

Client: Denbighshire Council
Contractor: Coatech Ltd
Site Name: West Rhyl Sea Defence works, Phase 3 (Public Realm)
Start Date: October 2015
End Date: November 2015
Anticipated Waste Arisings: Approximately 6 tonnes of aggregate leftover from the installation

Coatech is a specialist contractor and applicator of all types of resin floor and wall surfacing. Working in partnership with CEW and the Enabling Zero Waste (EZW) initiative to avert waste generated during the surface dressing of the West Rhyl Sea Defence works project.

Key Project Features

- Area of resin floor coverage 3,200m²
- Approximately 33 tonnes of resin bonded stone applied
- Approximately 6 tonnes of surplus aggregate leftover after the installation
- Looking for solutions to upcycle leftover aggregate into product
