

We are pleased to invite you to attend the next Women in Construction (WiC) Wales networking event, to be held on Tuesday 3rd December 2013 from 5.30-7.30pm at Bridgend College's Pencoed Campus.

We are delighted that Ann-Marie Smale, a director of Powell Dobson Architects, will also be joining us. Ann-Marie is Chair of the Professional Services Sector Group for CITB and Chair of CIC Wales. She has received recognition as a role model for women in construction and we are looking forward to hearing about her career as well as her thoughts on the opportunities and challenges for women in the sector.

The event, held in partnership with Bridgend College, will begin with networking and light refreshments, followed by a talk and Q&A session with Ann-Marie.

Come and meet a wide range of women from across the construction sector, gain valuable business contacts, inspire and support others in the industry and hear about training and business opportunities to further your business and career.

Please RSVP to Melissa Wood at melissa.wood@womensworkshop.org.uk before Friday 29th November to secure your place.
