

"The team have done a fantastic job and we're so grateful for their respect, communication, and kindness with our trainees and staff. We can't wait to use the stage for musical performances on our open garden day and many other events to come! Our first use, will be the tomato growing competition in August!"

Community Volunteering: Outdoor Transformation at V21

Supporting Adults with Learning Disabilities, Cardiff

OVERVIEW

As part of Kier Construction's Ysgol Cynefin Project, our amazing team had the privilege of supporting our wonderful neighbours at Vision 21 (Cyfle Cymru) by tackling some wishlist tasks that will make a huge difference to their visitors—and wow, did they deliver as part of VolunteersWeek2025!

Vision21 is a truly inspiring local charity that empowers people with learning disabilities to realize their full potential through hands-on initiatives in catering, growing, creating, learning, and making. Many of their projects are vibrant social enterprises providing invaluable training and volunteering opportunities. 🤝❤️

CHALLENGE

When Beth and her team asked us to transform an unused part of their beautiful garden into a stage area, we saw an opportunity to help bring their vision to life.

The garden space, once inaccessible and overwhelming for their in-house team, is now a stunning, wheelchair accessible stage—perfect to host awards, celebrations, and so much more!

Our incredible supply chain partner Certus Construction Ltd, truly embraced the vision working tirelessly over 4 days with their team braving heat, sideways wind, and rain—to turn this dream into reality. The care they showed not just for the garden but for the trainees themselves was nothing short of inspiring. ☀️🌧️💪

OUTCOME

The Vision21 team are absolutely blown away by the results.

This project perfectly captures the power of collaboration, community, and compassion. Together, we've made a space that will spark joy and opportunity for so many. Here's to many more moments of celebration ahead! 🎉🌟
