

The Future Of Construction Is Bright With This New Generation Of Talent

Hosting A Group Work Experience Placement For Talented Cardiff Students As Part Of Cardiff Commitment's *What's Next? Award*

OVERVIEW

As part of Kier's partnership with [Cardiff Commitment](#) – What's Next? project, we were proud to host a week-long group placement for students across [#Cardiff](#) with a passion for construction.

We tried something new — taking students on the full construction journey with us! From pre-construction, planning, digital and environmental insights, through to engineering, site experience, bricklaying, M&E, architecture, and even aftercare — they saw it all.

The energy and enthusiasm from the students was truly inspiring. One student shared:

"I've learnt so much in such a short period of time, which has motivated and excited me to begin my career in construction."

"The Experience Kier provided for us was more than phenomenal"

The future of construction is looking bright with this next generation!
