

Work at Height/Scaffold Safety and Health Awareness Day

Pentwyn Leisure Centre, Bryn Celyn Road,
Pentwyn, Cardiff. CF24 7EZ

Tuesday 15 November 2016

Help for the industry – from the industry

Work at Height/Scaffold Safety and Health Awareness Day

Introduction

Work at Height operations continue to be the biggest cause of deaths and serious injury in the workplace. As part of our ongoing drive to improve standards and reduce the number of work at height related injuries, the Working Well Together Group, supported by the Health and Safety Executive (HSE) is holding a free half day event for scaffolding contractors and contractors who work at height.

This safety and health awareness day, supported by the industry is designed to suit the needs of those who regularly work at height. The aim is to raise awareness of the health and safety issues facing you and to give practical advice on how to control and avoid risks.

Please wear suitable clothing – some displays are outside
