Taking Wales to the World

The Offer

The Welsh Government is inviting Welsh companies to
attend its exhibition at Big 5 Construction India in September
2013. This Welsh Government-supported exhibition offers an
exciting opportunity for Welsh businesses to exhibit or visit
the Big 5 Construction India and connect with key business
opportunities from all over India.

Big 5 Construction India

The exhibition will showcase a host of construction goods
from fit-out to heavy construction materials, giving
exhibitors the opportunity to promote their products and
meet face to face with buyers from the largest projects in
India. This includes:

- Building Services
- Safety & Security
Equipment
- Water Technology
- Heating, Ventilation
& Air-conditioning
- Fire Suppression &
Protection
- Electrical Systems
- Green Build
- Decorative Products
- Materials & Pipelines
- Solar Energy

The Indian Construction and engineering sector is worth
in excess of \$400 billion and over the last 5 years has been
growing at a rate of around 10% each year. This growth is
fueled by a wide range of transport infrastructure, urban
development and power generation projects.
